

Riddhik S. Mohite

Mumbai, India

+91-9322308372 · riddhik.work@gmail.com · Portfolio · LinkedIn · GitHub

Professional Summary

- Full Stack Developer and Software Tester with experience building responsive web applications using React.js, Node.js, and modern JavaScript frameworks, with a strong focus on quality and performance.
- Experienced in digital marketing platforms (CleverTap, SendGrid) with skills in campaign tracking, reporting automation, and cross-team coordination at Business Standard.
- Adept at end-to-end client-facing product delivery — from requirement gathering and feature development to manual testing and bug-free deployment.

Experience

Business Standard

Jun 2025 – Present

Web Business, Consultant

Mumbai, India

- Providing CleverTap reporting, campaign management, and digital marketing operational services.
- Coordinating external partner teams, assigning tasks, and ensuring successful project execution.

Business Standard

Jun 2024 – May 2025

Web Business, Intern

Mumbai, India

- Worked with CleverTap, SendGrid, and Postmaster Tool for email campaign tracking and management.
- Used Excel, Google Sheets, and PowerPoint for data analysis, reporting, and stakeholder presentations.
- Contributed to process efficiency through reporting automation while maintaining business data confidentiality.

Freelance

Jun 2025 – Present

Software Tester & Full-Stack Developer

Remote

- Built and tested full-stack applications across tour & travel and dashboard domains, ensuring 100% bug-free delivery.
- Collaborated with clients to translate requirements into responsive React features with manual and functional testing.

Projects

Full Stack Chat Application | [Live Link](#)

React.js, Node.js, Express.js, MongoDB, WebSockets, Vercel

- Built a real-time chat app with WebSocket-based instant messaging, secure authentication, and responsive UI.
- Developed RESTful APIs using Node.js and Express.js with MongoDB for user data and chat history storage.

Product Explorer | [Live Link](#)

Next.js, Tailwind CSS, REST API, Vercel

- Developed a product discovery platform with search, filter, and browsing features using third-party REST APIs.
- Optimized performance via lazy loading and code splitting; fully responsive UI built with Tailwind CSS.

AI Travel Planner | [Live Link](#)

React.js, Tailwind CSS, Firebase, OpenAI API, Vercel

- Built an AI-powered platform generating personalized travel itineraries using OpenAI API based on user preferences.
- Integrated Firebase for authentication and real-time data storage with a mobile-responsive Tailwind CSS interface.

Education

University of Mumbai

2022 – 2025

B.Sc. Information Technology – CGPA: 7.92

Mumbai, India

- Coursework: Operating Systems, DBMS, Algorithms, Programming Languages, Software Testing

Technical Skills

Languages: HTML5, CSS3, JavaScript (ES6+), TypeScript

Frontend: React.js, Next.js, Redux, Tailwind CSS, Bootstrap, Responsive Web Design

Backend: Node.js, Express.js, REST APIs
